## Academics

- o How much interaction do you have with your professors? Do you have an advisor?
- o Who teaches most freshman classes: graduate students or professors?
- o Would you say the academic atmosphere is competitive or cooperative?
- o Is it hard to get into the classes you want?
- o Is it hard to switch majors? How soon do you have to declare a major?
- o Have you had any internships or research opportunities?
- o Is it common for students to study abroad?

## Student Life

- o Where do you go when you need a quiet atmosphere to study?
- o What do students do on the weekends?
- o How safe do you feel here?
- o Do you have a car? How do most people get around?
- o How conservative or liberal is the student body?

## Extracurricular Activities

- o What outside speakers or bands were recently brought to campus?
- o How important are sororities and fraternities to the social scene?  
(different from how many people "go greek")
- o What are the most active/popular student clubs and organizations?

## Other

- o What do you love most about being here?
- o What's the one thing students complain most about?
- o What other schools did you consider? Why did you decide to go to this one?

## Don't forget to:

- o Read the bulletin boards in the student union, dorms and academic departments
- o Check out the college bookstore
- o Explore the neighborhood around campus
- o Visit the buildings you will use regularly: library, dining hall, athletic facilities, science labs, if possible,
- o Attend a class or sporting event
- o Eat in the dining hall or at the snack bar
